

Model Safe-Change

80.16.0008

RONDA® Safe-Change is a small, portable class-H vacuum cleaner for collecting small amounts of health-hazardous dust.

The safe-change system makes it possible to vacuum rather small amounts of health-hazardous dust such as mould, asbestos, lead etc. without the vacuum cleaner itself becoming contaminated.

In a safe-change vacuum cleaner, the HEPA-filter and collection container are one integrated unit, which is disposed of jointly, thereby protecting the operator from hazardous dust. As the HEPA-filter captures 99,995 % of all particles larger than 0,3 µm, no health-hazardous particles will get into the actual machine.

The RONDA® Safe-Change vacuum cleaner is well suited at for instance taking samples when the presence of health-hazardous materials is suspected, or other vacuuming tasks that involve the collection of small amounts of health-hazardous dust, which must be disposed of in a secure way.

The collection container is equipped with a screw cap for sealing the container after using the machine.

RONDA® Safe-Change vacuum cleaner is delivered complete with carrying strap and accessories.

TECHNICAL DATA

| | | |
|---------------------------------|-----------|--------|
| PMax./PNom | 1100/1050 | W |
| Voltage | 230 | V |
| Power outlet, max. | - | W |
| Data of the installed motor: | | |
| - Vacuum, max. (per motor) | 2608 | mmWC |
| | 25,5 | kPa |
| - Air flow, max. (per motor) | 54,5 | l/sec. |
| | 193 | m³/h. |
| - Air flow, max. (measured)* | 47 | l/sec. |
| | 170 | m³/h. |
| Noise level (ISO 11201) | <83 | dB(A) |
| Collection capacity (container) | 3 | l |
| Pre-filter | - | m2 |
| HEPA-filter | 0,3 | m2 |
| Height (without spigot) | 385 | mm |
| Length/depth | 395 | mm |
| Width | 225 | mm |
| Weight without accessories | 9,2 | kg |
| Container coupling | 32 | mm |
| Length of supply cable | 8 | m |

* Data of the vacuum cleaner with standard hose

- Class-H vacuum cleaner
- Safe-change system with integrated HEPA-filter and collection container
- Sealable collection container for safe storage and transport of contaminated material
- Low flow warning indicator
- Easy to carry around
- Accessories included

Model Safe-Change

STANDARD ACCESSORIES

| | |
|---|-------------------|
| 32mm tool kit | 82.33.3291 |
| 1 32mm plastic hose 2,75m with handle | 84.54.3231 |
| 2 Round brush..... | 80.34.3201 |
| 3 Crevice nozzle..... | 82.34.3200 |

STANDARD FILTERS

| | |
|---|------------|
| Collection container incl. HEPA-filter..... | 84.16.0001 |
