

Model Safe-Change

80.16.0006

RONDA® Safe-Change is a small, portable class-H vacuum cleaner for collecting small amounts of health-hazardous dust.

The safe-change system makes it possible to vacuum rather small amounts of health-hazardous dust such as mould, asbestos, lead etc. without the vacuum cleaner itself becoming contaminated.

In a safe-change vacuum cleaner, the HEPA-filter and collection container are one integrated unit, which is disposed of jointly, thereby protecting the operator from hazardous dust. As the HEPA-filter captures 99,995 % of all particles larger than 0,3 µm, no health-hazardous particles will get into the actual machine.

The RONDA® Safe-Change vacuum cleaner is well suited at for instance taking samples when the presence of health-hazardous materials is suspected, or other vacuuming tasks that involve the collection of small amounts of health-hazardous dust, which must be disposed of in a secure way.

The collection container is equipped with a screw cap for sealing the container after using the machine.

RONDA® Safe-Change vacuum cleaner is delivered complete with carrying strap and accessories.

TECHNICAL DATA

PMax./PNom	1100/1050	W
Voltage	230	V
Power outlet, max.	-	W
Data of the installed motor:		
- Vacuum, max. (per motor)	2608	mmWC
	25,5	kPa
- Air flow, max. (per motor)	54,5	l/sec.
	193	m³/h.
- Air flow, max. (measured)*	47	l/sec.
	170	m³/h.
Noise level (ISO 11201)	<83	dB(A)
Collection capacity (container)	3	l
Pre-filter	-	m2
HEPA-filter	0,3	m2
Height	380	mm
Width	300	mm
Length/depth	210	mm
Weight without accessories	6	kg
Container coupling	32	mm
Length of supply cable	8	m

* Data of the vacuum cleaner with standard hose

- Class-H vacuum cleaner
- Safe-change system with integrated HEPA-filter and collection container
- Sealable collection container for safe storage and transport of contaminated material
- Low flow warning indicator
- Easy to carry around
- Accessories included

Model Safe-Change

STANDARD ACCESSORIES

32mm tool kit	82.33.3291
1 32mm plastic hose 2,75m with handle	84.54.3231
2 Round brush	80.34.3201
3 Crevice nozzle	82.34.3200

STANDARD FILTERS

Collection container incl. HEPA-filter	84.16.0001
